## WORK EXPERIENCE

### CALLBACK

2021 – 2025 | **Co-Founder and CTO**, callback.xyz, Tokyo, Japan

- Developed custom blockchain infrastructure for multiple Japanese enterprises, delivering a web dashboard for end-user data and analytics.
- Architected and launched secure, verifiable POAPs (Proof of Attendance Protocols) used by thousands to confirm real-world event participation.
- Created “Lost Yetis”, a 3,000-NFT storytelling project featuring in-person events with interactive lore, a fine-tuned AI chatbot, and accessorizable and upgradeable NFTs; served as a showcase of Callback’s creative and technical capabilities.
- Raised \$3.1M in venture funding, supporting team growth to 10 employees (5 engineers).

### STANFORD UNIVERSITY

2016 – 2020 | **Undergraduate Researcher**

- Designed and conducted research in economics, business, and psychology, including study design, data collection, and analysis.

### STANFORD GAME THEORY CLUB

2019 – 2020 | **Founder and President**

- Grew to 40 members and raised \$1,000 in funding.
- Hosted poker game theory workshops and organized quarterly tournaments.

### MEDTRONIC

2019 | **Business Analyst Intern**, Minneapolis, MN

- Improved cash flow and forecast accuracy by analyzing inventory drivers and recommending AI-based demand forecasting.

### EDUCATION FUND FOR MONGOLIA

2014 – 2016 | **Founder and President**, Minneapolis, MN

- Founded non-profit organization to provide financial support for Inner Mongolian students to stay in school.
- Raised \$10,000 to sponsor 14 Inner Mongolian students.
